

Table of Contents

• Foreword	1
• <i>Nigel Day</i>	3
Part 1 – Overview and Setting the Scene	
• Railway Locomotive Water Treatment - An Overview of Carbonate and Tannin Based Internal Treatments <i>Martyn Bane</i>	11
• It Shouldn't Happen to a Boiler <i>Martyn Bane and Nigel Day</i>	45
• Report on Water Treatment Practices on Locomotive and Industrial Boilers in Argentina <i>William R. Richardson</i>	59
• Informe Estudios Tratamiento Aguas Locomotoras FCGB (Extracts) <i>Livio Dante Porta</i>	75
Part 2 – Ing. Livio Dante Porta Papers and Extracts	
• Steam Locomotive Boiler Water Treatment	85
• Laboratory Fabrication of Diestearoilethylendiamine - C ₃₈ H ₇₆ O ₂ N ₂	131
• Boiler Foam Height Monitor	137
• A Note on a New Approach to Steam Locomotive Boiler Water Treatment	145
• A Feedwater Heating System suitable for SGS and TG Steam Locomotives	153
• Steam Locomotive Boiler Water Circulation A First Semi-Quantitative Approach	163
• Proposed Feedwater Heater for 3450	207
• Surface Feedwater Heater for 3450	219
• A List of some 500 Possible Improvements to Existing Steam Locomotive Power (Extracts)	229
• On the Nobel Boiler for Bagasse, Peat, Wood Refuse and Similar Fuels. Part I: Bagasse Firing (Extract)	237
Part 3 – Two German Papers	
• Internal Treatment of Locomotive Feedwater on Steam Locomotives of Deutschen Bundesbahn <i>Joachim Robrade</i>	243
• Where there is Light, there is Shadow. Critical remarks on the Internal Boiler Water Treatment <i>Friedrich Witte</i>	255
• Comments on the article "Die Speisewasser - Innenaufbereitung bei den Dampflokotiven der Deutschen Bundesbahn" by J. ROBRADÉ <i>Ing. Livio Dante Porta</i>	273
• An Analysis of Internal Boiler Water Treatment Practices on Deutsche Bundesbahn in the 1950s and 60s <i>Martyn Bane</i>	279
Part 4 – Applying Porta	
• Steam Locomotive Firebox Explosion on the Gettysburg Railroad near Gardners Pennsylvania 16 June 1995 Special Investigation Report <i>NTSB</i>	307
• Comments by L. D. PORTA on the NTSB Report of Findings in the Gettysburg Accident <i>Ing. Livio Dante Porta</i>	347

- Notes on a Meeting between Chris Newman and David Wardale, Beijing – 23rd Oct 2003
Chris Newman 355
- The Practical Application Of 'Porta Treatment' - An Advanced Internal Boiler Water Treatment System - On Steam Locomotives Of The Ferrocarril Austral Fueguino, Rep. Argentina
Shaun McMahon 361
- Does it Work? 'Porta Treatment' in the UK
Martyn Bane 393

Part 5 – Glossary, References and Index

- Glossary 433
- References 463
- Index 491

Notes relating to Page Numbering:

Page numbers at the top of each page represent those of this combined volume of papers.

Page numbers at the bottom of each page represent those of the individual papers.
